**Poly cotton Conti Suits** - consists of a jacket and pants sold together as a set. These overalls are a strong, lightweight and durable everyday workwear, to protect the user against mechanical hazards such as abrasion. It consists of a blend of 80% polyester and 20 % cotton or 65% polyester and 35 % cotton.

**J54 Conti Suits** - are 100% cotton satin weave finish, lightweight, comfortable, durable and breathable, designed to provide the user with comfort especially when working in hot and humid environments.

**D59 Flame & Acid Retardant Conti Suit** - jacket and pants protect the user from the hazards of accidental *flame* contact and *acid* splashes. The *flame* and *acid* suit features high vis *flame retardant* reflective tape on arms and legs for enhanced visibility when working in poor lighting environments. SABS approved fabric.

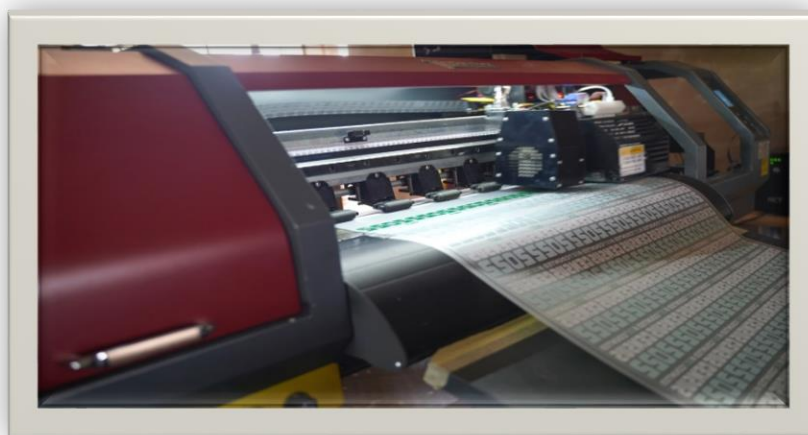

**Denim Conti Suits** – includes heavy duty and durable industrial denim pants and jacket made of 100% cotton denim.

**Dust Coat** - a loose coverall (coat or frock) reaching down to the ankles.

**Boiler Suit** - A boiler suit is a one-piece garment with full-length sleeves and legs like a jumpsuit, but usually less tight-fitting. Its main feature is that it has no gap between jacket and trousers or between lapels, and no loose jacket tails.
